## Restraining order lifted from scholarship service

At a March 8 hearing in the Federal District Court in San Diego, a judge failed to extend the Temporary Restraining Order on the Academic Council on Financial Assistance, according to Lisa Martin, of the Office of the General Counsel at the U.S. Postal Service. The judge did not find "probable cause to believe that they were soliciting money by means of false representation," Lisa Martin said.

The Academic Council on Financial Assistance is a scholarship search firm that sent letters to students around the country saying they would guarantee receipt of scholarships for a \$60 fee. As reported in previous NASFAA Newsletters, the U.S. Postal Service placed a Temporary Restraining Order on the company in mid February, stopping them from receiving their mail in San Diego.

The company's mail going to Washington, D.C., is still being held by the Postal Service, according to an agreement between the company and the Postal Service. This includes about 1,700 pieces of mail.

Lisa Martin said that the U.S. Postal Service had to return about 18,000 pieces of mail sent to the company's San Diego office as a result of the judge's ruling. She said that the Postal Service

is considering an appeal to the 9th Circuit Court of Appeals, but it is unclear if this action is prohibited by statute.

Students who are interested in getting a refund from the Academic Council on Financial Assistance should contact the company directly, Martin explained. The company said in court that they are honoring refund claims, if justified. If the company does not re-

spond to a refund request or if a student has a complaint to make, Martin said to write to a local Postal Inspection Service Office.

Those already involved in the investigation include: Inspector Tom Krautheim, Postal Inspection Service, P.O. Box 96096, Washington, D.C. 20066-6096, and Inspector Richard Schleuter, Postal Inspection Service, P.O. Box 2110, San Diego, California 92112-

## Environmental Expo celebrates Earth Day

Celebrating the 20th anniversary of Earth Day and the birthday of the late conservationist John Muir, the Fourth Annual Inland Empire Environmental Expo will be held at CSUSB on Saturday, April 21. The free event is scheduled from 9 a.m. to 4 p.m. in the university gymnasium and at various campus locations.

"Water: Earth's Precious Resource" is the theme of this year's expo. A major public forum on the supply and quality of San Bernardino's water resources will be held at 1:30 p.m. in the Panorama Room of the Lower Commons. Some of the area's leading authorities on water resources and policies will exchange views and answer questions from the audi-

ence. Mayor W.R. "Bob" Holcomb will serve as forum moderator. The keynote presentation will be given by Louis Fletcher, general manager and chief engineer of the San Bernardino Valley Water District. Panelists include: Carlos Madrid, chief of the Southern Section of the State Department of Water Resources; Neil Cline, general manager of the Santa Ana Watershed Project Authority; Diana Barich, district engineer, Office of Drinking Water, Department of Health Services; Herbert Wessel, general manager of the San Bernardino City Water Department; Gerald Thiebeault, executive officer of the Santa Ana Region of the State Water Quality Control Board; and Dick Corneille, consulting engi-

neer and former head of the Redlands Water Department.

Other expo events on tap include exhibits by environmental agencies and organizations, a nature bowl competition for pre-registered teams of fifth through eighth grade students, parent-child activities, art and photo contests and seven teacher workshops. Frank Helling, a Fresno educator and expert on John Muir, will present a dramatic portrayal of the man considered to be the father of the environmental movement.

This year's expo also features the First Annual John Muir 5k and 10k runs and a 2k walk. Beginning near the CSUSB gymnasium, these events are scheduled as

follows: 7:30 a.m. for the 5k; 8 a.m. for the 10k; and 9:30 a.m. for the 2k. Entry fees for the 5- and 10k runs are \$13 which includes a commemorative T-shirt or \$7 without the T-shirt. The entry fee for the 2k walk is \$5 including a T-shirt. More information on these events is available from CSUSB's Recreational Sports Office at (714)880-5235.

Major sponsors of this year's Environmental Expo include the California Department of Education and the San Bernardino Valley Municipal Water District. Additional information on the event is available from Dr. Darleen Stoner, expo chairman and director of the university's Environmental Education Center, at (714) 880-5640.

## There's only one product proven to grow even one of these.

## This one.

From the time you first started losing your hair, you've wished for something that could somehow reverse the balding process. Now, The Upjohn Company has developed *Rogaine*, the first and only product that's proven to grow hair.

*Rogaine* is not a cosmetic or conditioner. It's a prescription treatment for male pattern baldness of the crown of the head that's available only with a prescription written by your doctor.

**Two million men just like you have used *Rogaine*.**

Today, two million men worldwide have seen their doctor and begun treatment with *Rogaine*. And for good reason. *Rogaine* works for many men. That's not a claim, it's a proven fact. Proven in clinical tests conducted by dermatologists at medical centers across the country. Proven by results that are simply unprecedented.

In a year-long test involving almost 1,500 men, only 16% reported no new growth. Virtually half (48%) saw at least moderate growth with *Rogaine*. 36% noted minimal growth. Generally, it took four months before hair began growing again. The side effects were minimal. The most common, itchy scalp, occurred in only 5% of the men.

**Your doctor has the proof. And the prescription.**

Your dermatologist or family physician will tell you what *Rogaine* can do for you. So see your doctor now. The sooner you get your prescription for *Rogaine*, the sooner you could be growing hair again.

For more information and a certificate worth \$10 as an incentive to visit your doctor (sorry, this offer is available for men only), call the toll-free number below or send in this coupon.

Please send me a \$10 certificate as an incentive to see my doctor. Send coupon to: The Upjohn Company, P.O. Box 9040, Opa Locka, FL 33054-9944

# Grant extends CSUSB research on birth defects

Laboratory tests to identify chemicals that could cause human birth defects are being facilitated at CSUSB through a \$17,000 grant from The John Hopkins Center For Alternatives To Animal Testing.

The award enables Dr. Nicole Bournias-Vardiabasis, Associate Professor of Biology, to continue her research which uses cells

from a species of the fruit fly rather than higher order animals. The grant is entitled "Detection of Teratogens by Utilization of B-Galactosidase Reporter Gene Activity."

Her research is being conducted through a methodology known as in vitro testing which literally translated means "in glass." Biologists such as Bournias-

Vardiabasis, however, interpret the term more broadly to mean research that does not involve the use of higher animals such as monkeys or rats. In vitro testing includes a battery of living systems, such as the *Drosophila* cells being studied by Bournias-Vardiabasis, that can be used to evaluate the teratogenicity of chemicals in the human species. Ulti-

mately, researchers hope to have the ability to test for chemicals directly from human cells.

According to Bournias-Vardiabasis, "Currently, this type of research is being conducted utilizing higher animals such as rats, rabbits and monkeys. Successful development of this in vitro testing would partially replace the use of animals.

It would be quicker, more economical and would allow a greater number of chemicals to be tested." She adds that in vitro testing is also more predictive than test conducted on higher animals because it allows for a repetitive type of examination. She has been involved in this type of re-

Please see TESTS, page 5

## Career Fair April 19

Explore careers of the '90s with nearly 60 Southern California employers as CSUSB hosts its 12th annual Career Opportunities Fair on Thursday, April 19 from 9 a.m. - 2 p.m. in the university gymnasium.

The free fair provides participants the chance to talk with potential employers representing businesses in both the public and private sector. Representatives will include governmental agencies, hospitals, retail stores, accounting firms, insurance companies and industrial businesses.

Four workshops will be conducted by staff members of CSUSB's Career Development Center which is sponsoring the event. The workshop schedule is as follows: "Choosing A Career," at 9:30 a.m.; "Selling Yourself in the Job Interview," at 10 a.m.; "Creating Resumes that Work," at 10:30 a.m.; and "Careers in the 1990s and Beyond," at 11 a.m. All sessions will be conducted in Room 129 of the Physical Education Building.

Lynn Moss, a career development counselor at CSUSB, describes the fair as "a wonderful opportunity to network with potential employers." She notes that a real effort is made to attract a wide range of organi-

Photo by Ted Fisher

Wells Twombly, sports director of the Living History Museum and an organizer of the Renaissance Pleasure Faire, teaches CSUSB students the art of Rounders, a predecessor of modern baseball.

## Health Committee Meets April 16

SHAC, the Student Health Advisory Committee, is your voice in determining the quality of health and wellness care that you receive on campus. In the past SHAC has either sponsored or coordinated Health Fair Expo, the Blood Drives, National Condom Week, and the Great American Smoke-Out. SHAC has been instrumental in advising the Administration of the need to increase staffing in the Student Health Center. Without additional staffing, prolonged scheduling and waiting times for appointments is inevitable. Is your health care being compromised because there are not enough physicians, nurses, clerical help, or a health educator to serve the more than ten thousand students at CSUSB? SHAC is your voice for expressing these and other concerns that you, the student, might have.

SHAC is comprised of faculty and staff members, graduate and undergraduate students. However, meetings are open to ALL INTERESTED MEMBERS OF THE CAMPUS COMMUNITY!

The first organizational meeting for the Spring quarter will be held on Monday, April 16, at 12:30 p.m. in the Health Center Conference Room. Everyone is encouraged to attend. Remember, SHAC up or shut up!

## Stater Brothers executive receives CSUSB leadership award

Jack H. Brown, chairman, Chief Executive Officer and President of Stater Bros. Markets, will be honored at CSUSB as the first recipient of the university's Arrowhead Distinguished Chief Executive Officer Lecture Award at a noon luncheon on Wednesday, April 18, in the Upper Commons.

The award, which recognizes outstanding leadership in the business community, is being presented by graduate level faculty of CSUSB's School of Business and Public Administration. As the inaugural participant of the Arrowhead Chief Executive Officer Lecture Series, Brown will serve as

the luncheon's keynote speaker. He will address "Leadership for the '90s."

Brown is one of the founding members of the School of Business & Public Administration's Board of Councillors and has made many contributions to the university. In the late 1960s, he participated in several

tree planting ceremonies on campus. Since 1983, Brown has recommended that CSUSB be the recipient of a portion of the Western Association of Food Chains' Scholarships. To date, a total of \$38,000 has been contributed to the university as part of that scholarship program.

Members of the community are invited to attend the luncheon which will be followed by campus tours for interested participants. Admission is \$25 per person. For more information, contact the School of Business & Public Administration at (714)880-5700.

## Ecologist Ehrlich will discuss "The Human Population Dilemma" on Tuesday, April 17

World-renowned ecologist Anne H. Ehrlich will discuss "The Human Population Dilemma" at CSUSB on Tuesday, April 17. The free lecture begins at 7 p.m. in the gymnasium and is one of the university's many special activities marking the 20th anniversary of Earth Day.

Ehrlich is the co-author of several books with her husband, Paul R. Ehrlich, who also is recognized internationally for his work in population biology. He wrote the book "The Population Bomb" in 1969. Ehrlich's talk will focus on how an estimated 100 percent increase in the Earth's population will affect resource consumption and availability. She serves as the associate director for the Center of Conservation Biology at Stanford University and also is a senior research associate in the institution's biology department.

Two other special events celebrating Earth week have been planned at CSUSB on Thursday, April 19. An Environmental Information Display will be held from 11 a.m. - 4 p.m. on the south side of the John M. Pfau

Library. Various environmental groups such as Greenpeace, the Sierra Club and the Nature Conservancy have been invited to participate. At 7:30 p.m., a lecture entitled "Health Air vs. Healthy Economy: Can We Have Both?" will be presented by Norton Younglove, chair of the Riverside County Board of Supervisors and member of the Southcoast Air Quality Management District. This free lecture will be held in the Upper Commons and is being sponsored by CSUSB's new Environmental Club.

The university's John M. Pfau Library will celebrate Earth Week with a special display of environmental books and materials. The exhibit will include books by Anne H. Ehrlich and will be located on the library's first floor from Monday, April 16, through Friday, April 20.

Ehrlich's talk is being sponsored by CSUSB's Intellectual Life and Visiting Scholars Committee. For more information, contact Dr. David Polcyn, assistant professor of biology, at (714)880-5313.

## Book Club looks for manuscripts

Western Cities Book Club is looking for a few good manuscripts for their autumn and winter selections. The Club is seeking cookbooks, trivia collections, cartoons, strip comics, books of puzzles, and humorous or whimsical fantasy and science fiction short stories. Collections of anecdotes from school, limited subjects and from everyday life are especially welcome. Manuscripts must publish at two hundred pages or more. Shorter works except in the fantasy genre are not generally considered. Please send a sample of your work with your query letter to: William Mack, Western Cities Book Club, 729 Santa Fe Gardens, P.O. Box 1210, Thoreau, NM 87323.

You have every right to expect your partner to respect and protect your health. If you're having sex, be sure you're using a latex condom every time. For more information, call the AIDS hotline in Northern California at 1-800-367-2437, or in Southern California at 1-800-922-2437.

**Paul Granillo**  
BOD, Student-At-Large candidate

Commitment through involvement is the characteristic of Board of Directors candidate Paul Granillo.

Through involvement in CSUSB's New Student Orientation Program, Planning Committee and Chair of the University Ambassadors Society, I feel that I understand the needs of students at the university. Associated Students, Inc. needs to involve itself with as many students from the campus population as it possibly can.

I have served on the

President's Task Force for Campus Safety, and am a member of the Intercollegiate Advisory Board. I always insure that the interests and concerns of the students are being heard.

As your Student-At-Large representative on the Board of Directors Associated Students, Inc., I make it my personal goal that your needs will be represented and acted upon. I am proud to be a student at CSUSB and hope to serve you as your representative on the Board of Directors of Associated Students, Inc.

**Sheri Major**  
BOD, Student-At-Large candidate

My name is Sheri Major. I am a sophomore, majoring in Business Administration with a concentration in accounting. I am running for representative of the Students-At-Large. I currently hold this position on the Associated Students Board of Directors.

Being the Student-At-Large representative is a very unique and challenging position for I must, and if elected, need to consider the interests of the entire student body. I do not report to one constituency or school, but must determine and filter through the con-

cerns and needs of the majority of students. This process is often difficult, time consuming, and at times frustrating because the ultimate goal I have is to represent the main interests of most of the student body.

This year I've effectively represented the students by voicing concerns over safety on campus, parking facilities, ASI visibility and outreach, emergency loans, and much more. I have gained experience and knowledge of my position that will enable me to be even more successful next year representing—you—the student.

Fellow students, my name is Julio Martinez, Biochemistry major, and I'm seeking a position on the ASI Board of Directors representing the School of Natural Sciences. If elected, my commitment to represent the views and opinions of fellow students through a strong voice is assured. I believe student concerns to be my primary objective and, therefore, urge students to express their concerns to me so that proper recognition is exercised. Remember, a vote for Julio Martinez will assure that my decisions and recommendations to the ASI BOD will always be in YOUR best interest, the students'.

**Julio Martinez**  
BOD, School of Natural Sciences candidate

My name is Karl Rocha and I am running for Board of Directors of the department of Social and Behavioral Science. I decided to run because I felt there was a need for quality student representation. I know I can represent the student body fairly and stand up for issues that are important to students. I see many opportunities for change and if elected, I could pass legislation that would not only benefit students of the Social and Behavioral Science department, but the student body as a whole. It is time ASI recommit itself to the interests of the students and if elected, that is what I would strive for. I would appreciate your support. Thank you.

**Karl Rocha**  
BOD, Social and Behavioral Science candidate

Hello, my name is Cord Sterling and I am running for the position of Dual, Special, and Interdisciplinary studies representative to the ASI Board of Directors. I currently hold this position after being appointed to it last summer. It is my opinion that the BOD needs to make sound decisions on behalf of the students and I feel that I have done so in the past and will continue to do so in the future. We are here to represent the students and work for them. If anyone has any questions please feel free to ask. Thank you.

**Cord A. Sterling**  
BOD, Dual-Special-Interdisciplinary studies candidate

# Presidential Candidates

**Robert Armenta**  
Presidential candidate

My name is Robert Armenta and I am currently running for President of the Associated Students, Incorporated. I am a junior at CSUSB majoring in political science and minoring in business administration. While attending CSUSB, I have become aware of many issues that must not be pushed aside any longer. I am willing and able to take responsibility towards mediating these issues. I have had previous experience dealing with student interaction throughout the years. I am also involved in a community service, The Institute for Social Justice. This particular program assists students in the educational system through equal opportunity. Here at CSUSB I have served as a member of the ASI Review Board and am currently a member of the Student Union Board. In this time I have been involved in achieving numerous projects for students on this campus. A few of these include maintaining food and beverage prices from increasing in the Pub and working with the expansion of the Student Union.

As I mentioned earlier, action needs to be taken. I propose that I am the most qualified and responsible candidate for this position. If elected, I would like to see many improvements on our campus. I believe that there are two main problems which need immediate attention: Campus safety and interaction between students and administration.

First, students need to be informed and educated on issues such as rape crisis, alcohol awareness, self defense and earthquake preparedness. Our campus safety has a great need for improvement. The present administration has proposed dorm and housing fee increases to enhance public safety. Why should students have to pay this increase for public safety when in fact, it is not their responsibility? Our present escort service is to provide a safe and non-threatening environment, yet, most of these escorts are not prepared for emergencies. These escorts should be trained and certified to ensure our students safely. Lighting in the parking lot should also be increased to

eliminate potentially hazardous situations.

Second, student interaction. If elected, one remedy I will strive for is an Interclub Council. This will consist of all club presidents with the ICC President presiding over them. This will be in the hopes of uniting all clubs, Greeks and students on campus. I also have a Liaison plan in mind. It consists of having one representative from the Public Safety department, ICC Council and Greeks, together working with the Board of Directors, to become informed of updated issues and concerns.

Equally important are the Student Assistants. I would like to address the salaries of student assistants. Through research I found that McDonald's employees receive higher salaries than our hard working student assistants here at CSUSB. Students' rights must not be bypassed! I would like to start an active Students Assistants Club allowing these students an equal voice.

Another important issue is that of the student fees in

the bookstore. The last book fee increase rate rose to approximately 200%. Why are these fees rising at such an outrageous rate? Should there be a cap on what is considered a just and fair price? Additionally, the health care provided on campus does not provide any assistance during week-end hours. Why can't a Medical Assistant be on grounds for possible emergencies? For the safety and concern for fellow students, do not let these issues be ignored!

Students, we need to start taking action on issues NOW! I want our campus to become an environment where we can unite as one. And by achieving this student unity, we can enhance CSUSB to its fullest potential. We can do it. I am the candidate with the experience, the understanding of students' needs and the dedication to achieve those needs. We can make a difference together. Elect me, Robert Armenta for ASI President. Remember, IF YOU WANT A BETTER TOMORROW—MAKE IT HAPPEN TODAY!!!

**Carlos Bolanos**  
Presidential candidate

Hey, I am Carlos Bolanos and I desire to serve and represent the students at CSUSB by running for ASI President. I have five years of experience working with the students on this campus and I enjoy serving them in various capacities, presently being the night manager at the Pub. I feel I have a great working relationship with the students, staff, and faculty which I challenge you to verify. Because of my

years of service to the students, and by coming in contact with hundreds of students every day, I feel I have a real sense for the concerns and needs of the students. I desire to serve your needs and concerns in a greater capacity in the future.

As most of you are aware, CSUSB is the fastest growing campus in the CSU system and because of this, future projections for growth

are phenomenal. I believe we need leadership that will not only be aware of the future projections of this campus, but leadership that will get students involved in each stage of this growth process. Currently, some of the issues I feel need to be addressed are:

- 1) the regulation of food prices that expected to increase shortly.
- 2) the allocation of more funding to the overcrowded,

but much appreciated and needed, health center.

3) the continued improvement of the safety for both commuter and dorm students.

I would appreciate your vote and regardless of whether you vote for me, I will continue to serve you in any way I can. However, I am a firm believer with hundreds of students that I will be the best candidate for the ASI President position.

**Patrick Cooney**  
Presidential candidate

Leadership, responsibility and commitment are important characteristics to have as President, and I feel that I have the qualifications to offer these things to our campus. My name is Patrick Cooney and I am a senior political science major running for President of ASI. This is my second year at CSUSB. I am Chair of the Associated Students Productions' Budget Allocation Committee, which allocates money to student organizations for student activities. I was also a student lobbyist at the California State Student Association conference, and a member of the CSUSB mock trial team. My experiences

here at CSUSB have been very rewarding, not only have I been involved in student government, but as an older, commuter student, I have seen campus from another perspective also. I believe that these experiences have given me the necessary background to be a successful ASI President. A President that will advocate the student perspective.

As Chair of the Entertainment Committee, I have brought events to campus that give the students more than just music. I have worked toward building a campus community that is accessible to commuter and resident students alike.

A campus that is growing as fast as ours has very special needs. As President, I will implement programs and services that address these needs. Some of these services will include, telephone registration, computerizing the card catalog in the library and making copy cards available for use in the library. I would also like to see ASI establish standards for the food service in the Pub and Commons. We students deserve the highest quality food service, and as your ASI President, I will see that our needs are met.

As President, public safety will be a high priority. I will work toward implementing a comprehensive public

safety program that includes both enforcement and education.

Finally, as ASI President must know the needs of the students and inform them of the services that ASI provides. Next year has the potential to be a memorable year for CSUSB. In the next year we will see an expansion of the Student Union, construction will begin on new buildings, and our athletic program is moving to Division II. I would like the opportunity to serve the students of CSUSB in a meaningful way. Please remember to vote for Patrick Cooney for President on April 17 and 18.

# Vice-Presidential Candidates

**Scott Anderson**  
Vice Presidential candidate

My name is Scott Anderson. I am a candidate for the office of ASI Vice President.

During my three years at CSUSB, I have seen many changes. I, like the campus, have grown in experience and understanding. I am a junior and political science is my major. I am also a member of the International Club and a member of the Model United Nations team. My activities include being a charter member of Tau Kappa Epsilon and intramural sports. Additionally,

I was a resident of Serrano Village for two years.

During the last year I have had an opportunity to serve the students of CSUSB as Vice Chair of the Associated Students Productions Entertainment Committee. We have worked very hard to provide quality entertainment, like the Food for Feet concert in the Fall quarter and The U-Krew on the lawn in front of the library in the Winter quarter.

I am concerned with the

issues that impact us as students. I feel that the most important issue currently facing the campus is safety. Students are not being informed about the lack of security on our campus. I would like to see the issue resolved and the situation improved. There needs to be heavily lit walkways between the library and parking lots during the evening hours and additional security around the dorms. Another problem is the cost of photocopying in the library. Recent changes have

brought technological advances through the research computers, but students are paying outrageous prices for copying. I will work to reduce prices for the students.

The Associated Students is the official voice of the student body at CSUSB. I think that it is important to have a dedicated, hard working, team-player as Vice President. I believe that I am the person for the job. If elected, I will work hard to represent the students. On April 17 and 18 please vote Anderson for Vice President.

**Forrest K. Hillis**  
Vice Presidential candidate

My name is Forrest Hillis and I will be a senior at CSUSB during the 90/91 school year. I have always been an active student involved with numerous clubs and organizations. My hard work and desire to improve our campus was recognized by ASI President Aaron Watson, when he appointed me ASI Service Chair in late fall of 1989. ASI Services provides funding for various student service programs on campus including the Escort Service, Graduate Student Re-

search, Check Guarantee in the Bookstore, Recycling Programs, Ride Share Programs, etc... the list goes on and on.

Being a student myself, and talking to many of you, I have found many more student concerns. 1) No student should have to sit in the Health Center lobby for fifty minutes just to get a band-aid! 2) No student should have to wait over an hour for financial aid, registration, or parking! 3) Students are paying way too much for books. 4) It's time

the computer users had easy access to a laser printer. 5) CAR priority 1 is a joke, I seldom get my classes! 6) Most importantly, I believe every student is entitled to a safe learning environment.

One of the first things I would do as Vice-President would be to get students involved so that these concerns wouldn't have to be addressed again next year. Most students don't know what time the Board of Directors meet. Or even where ASI President Watson's office is! Student involvement

is a major problem on this campus due to poor communication. It's time for ASI to inform its student body.

I believe my hard work and ASI experience has made me the most qualified candidate for Vice-President. Elected or not, I will be doing everything I can to improve our educational experience here at CSUSB. I can do more from the inside, therefore I ask for your vote. But, please evaluate all of the candidates before you make your decision. Thank you.

**Jason Mindte**  
Vice Presidential candidate

The problems in which our university has been facing within the last year must be addressed. We, as the students, need to realize that we can no longer tolerate the crimes that occur on this university. We must come together and unite for the stability of our future. If elected as ASI Vice President, I, Jason Mindte, want to work with Public Safety to create a safer environment in which students deserve. I hope to work with other elected officers and have a liaison appointed to the Board of Directors who will work directly with pub-

lic safety. This liaison's duties will be to keep the students well informed about crimes occurring on campus and to update students on scheduled safety related seminars. These seminars will work towards educating the students about rape crisis, basic self defense, and crime awareness. I would also like to be able to publicly announce all crime-related incidents through The Chronicle.

As a campus Tour Guide, I have been allowed the opportunity to explore not only the needs of CSUSB students and staff but also

the needs of prospective students. I want to take action against issues such as parking, high book prices, student apathy, alcohol abuse, and limited hours in the Health Center. I will interact with parking services about the parking issue and I want to promote car alarms being sold at the bookstore at a reasonable cost.

Currently, I am working with the students to make this university a stronger campus. I am working to bring student assistants together. If elected, I also plan on working to bring clubs together through an

Inter-Club Council. The Inter-Club Council will strive to bring all clubs together to create more participation in clubs and campus events. I am a strong believer in the Pub's activities and plan to promote all of their events strongly, however, I also see a need for an alcohol awareness program such as S.A.D.D. I stand strongly on my proposed issues and feel that with student support, I can help make the necessary changes that this campus needs. Please vote for me, Jason Mindte, and BRING STUDENTS TOGETHER.

## Treasurer Candidate

**Michael Viscomi**  
Treasurer candidate

HELLO!!! My name is Michael Viscomi and I am running for the Office of Treasurer of the Association Students Incorporated.

Quite a few of you on campus may know who I am and what I am involved in. For those of you who do not know me, I am currently involved with several campus activities and student

government. My qualifications include: A.S.I. Board of Directors, Sigma Chi Fraternity, a past member of the Inter-Fraternity Council Rush Committee, two-time New Student Orientation Leader, and more importantly, especially for this office, an active member of the A.S.I. Finance Board, which is presently in the Budget Process for the 1990-

91 school year.

My main goals, if elected to the Office of Treasurer will be: To present to the A.S.I. Board of Directors a complete and comprehensive Treasurers report at every meeting, to have the A.S.I. general ledger up-to-date and ready for inspection upon demand. I will establish and maintain my office hours consistently

throughout my term and will also strive to work hand and hand with the A.S.I. Business Manager, Board of Directors and the Finance Board.

So, don't forget to go and vote on April 17 and 18, and vote MICHAEL VISCOMI for TREASURER! Thank you for your support.

**Dex Briggs**  
BOD, School of Humanities candidate

I am a sophomore majoring in Creative Writing. This is my third quarter at CSUSB. I have attended a majority of last quarter's BOD meetings and have a good knowledge of the student government process. I work on campus in the Advising Center and am extremely accessible to my constituents.

**Bill Lundquist**  
BOD, School of Humanities candidate

Hi. My name is Bill Lundquist. I'm a full time student at CSUSB, majoring in English, and also work here as a student assistant to Dr. Sheffield, head of the Industrial Technology Department. Those of you who read The Chronicle may recognize my byline on articles.

I became interested in student government while covering the ASI beat for the newspaper. I believe the Board of Directors could use some mature, responsible people to help decide on the best way to serve your needs with your money.

Though I have the luxury of going to school full time, and am able to spend most of my hours on campus, I work full time in banking for several years, and am particularly sensitive in around work and family.

If you want your money spent by someone who will respond to your needs, vote for me on April 17 and 18.

**Teresa Owen**  
BOD, School of Humanities candidate

Teresa Owen, running for ASI Board of Directors, School of Humanities is a 35 year old wife and mother of two. She transferred to CSUSB after attending Victor Valley College. Her major is English with an interest in creative writing and modern literature. She plans to receive her BA in June 1991 and enter the master program here at CSUSB. She loves reading, writing, and conversing with people. Her hope is to encourage more students to develop their creative ideas, because in this stressed world art, music, literature, communications, and the theater are natural relaxers.

**Lisa Clara**  
BOD, Business and Public Administration candidate

My name is Lisa Clara and I am seeking the position for BOD - School of Business and Public Administration. As an elected director I hope to secure a position on the

Finance Board and further acquaint myself with the business dealings of ASI. Be sure to vote on April 17 and 18.

**Joseph Fengler**  
BOD, Graduate Students candidate

The position of Graduate Representative was created in January 1990 in a self-realization that a large segment of the CSUSB student constituency has been overlooked for too long. I have had the opportunity to serve the graduate students this year by being appointed to this new position by the ASI Board of Directors.

The graduate students on this campus make up one-third of the student enrollment. Until this year, they have not had an official voice in the student government. My goals, if elected, will be threefold:

(1) Boost Graduate Awareness.

(2) Increase Graduate Representation.

(3) Target ASI for Research Funds.

The position of Graduate Representative is new, but is the first step to addressing the concerns of graduate students. The needs, concerns and issues relating to graduate students are different from undergraduates. I would like to be your representative to help address your graduate needs and help focus ASI's attention to a large, but often overlooked, segment of our campus.

## Student feels cheated by grading system

Dear Editor,

I was until recently, a student with a 4.0 GPA. Then I received my first A- and my grades began their slow spiral downward. I thought that when I received an A+ last quarter that I could repair some of the damage, but I learned to my chagrin that at CSUSB we are penalized for lower grades but are not rewarded for higher grades. I wondered if this applies to all grades, but a person is able to get credit for all pluses other than A's. It seems to me that excellence in the case of the A student is, necessarily, its own reward. I don't want to sound whiny or obsessive about my GPA, and I have heard from more than one person that grades aren't really all that important, but it seems to me that one's grades are a deciding factor in many academic situations.

The only reason that I can come up with for not giving credit for A+'s is a fear that people might start to get grades that are higher than 4.0. If that is the problem, then why isn't a ceiling put on the grades so that a person can only receive a 4.0, regardless of the number of A+'s.

I just think that it is unfair to discriminate against the top-scoring students. If the B student can receive a B+ and raise their GPA, then the A student should have the same opportunity. Excellence is its own reward, but that doesn't show up on a transcript.

Sincerely,

Robin Rhodes Campbell

# IMPROVE YOUR COMMUNICATION SKILLS.

An *AT&T Card* helps you communicate better, because you can use it to call from all kinds of places. Like a friend's, or a pay phone, or out on the road. You don't even need to have a phone in your name to get one. And every month you get an itemized bill stating where and when you used the card.

To apply for the *AT&T Card*, call us at  
**1 800 525-7955, Ext. 630.**

Now, if only it were that easy to improve your grade point average.

## FAIR

Continued from page 4

zations to participate, so that attendees can obtain an extensive variety of information on today's job market.

Although no interviews are conducted at the fair, job seekers are encouraged to bring several copies of their resumes since many companies will be providing employment applications. This year's event also will feature a free booklet containing information regarding each participating company and a brief description of the positions typically filled by their organization.

More than 500 people are expected to attend the fair. For additional information, contact Dr. Paul Esposito, director, Career Development Center, at (714)880-5250.

## Career fair draws local businesses

The Career Development Center will be sponsoring a Career Opportunities Fair next Thursday, April 19, 1990. The Fair will run from 9 a.m. - 2 p.m. and will be held in the University Gymnasium. A number of government agency and private industry representatives will be available to informally answer your questions regarding career opportunities within their professions. The Center wishes to emphasize that the Fair is designed for ALL students, graduates and alumni in all academic majors. The Fair is, therefore, informational in nature. A partial listing of

employers who have confirmed their attendance include:

- \*A.L. Williams
- \*Aetna Life and Casualty
- \*Apple One
- \*Associated Diesel Service
- \*Beauti Control Cosmetics
- \*Burtronics Business Systems
- \*California State Board of Equalization
- \*California National Guard
- \*Carl's Jr.
- \*Casual Corner
- \*Contel of California
- \*Copy Line Corporation
- \*Crippled Children's Society
- \*Directors Mortgage Loan Corporation

- \*Eadie & Payne, CPA's
- \*Enterprise Rent-A-Car
- \*FEDCO
- \*Federal Bureau of Investigation
- \*Fontana Police Department
- \*Ford Motor Credit
- \*General Dynamics
- \*Honeywell
- \*IDS/American Express
- \*Inland Financial Group
- \*K-Mart

A complete listing of employers participating will be included in next week's (April 18) issue of The Chronicle.

During the Career Fair, a series of four workshops will also be available. The workshop schedule is as follows:

### CAREER

#### WORKSHOP SCHEDULE

DATE: THURSDAY, APRIL 19 LOCATION: PE - 129  
9:30 #1 "Choosing A Career" Presenter: Lynn T. Moss. Career Counselor - CSUSB

10:00 #2 "Selling Yourself in the Job Interview" Presenter: Patricia Rodgers-Gordon. Educational Advisor - CSUSB

10:30 #3 "Creating Resumes That Work" Presenter: Paul Esposito, Jr. Director, Career Development Center - CSUSB

11:00 #4 "Careers in the 1990's And Beyond" Presenter: Lois Malloy, Counselor. Intern, CSUSB.

## HOME RUN DERBY...

The lockout is over—baseball is back! We at the Recreational Sports Department began the season with our annual Home Run Derby, held last Friday in the Commencement Area. In all, 47 participants (a new record) stepped up to the plate and took 25 swings attempting to drive the ball deep (200' for men, 100' for women). The following is a partial list of the top sluggers:

Perry Amador	15	Rhonda Rile	15
Kirk Wenger	13	Pamela "Rick" Landford	12
Todd Harris	13	Laura Held	12
Sean Whaley	13	Marymary Mrofka	11

Congrats to Perry and Rhonda. Pick up your coveted intramural T-shirt in PE 111.

## HELP WANTED:

Do you like the sun? Do you like watching softball games? Do you like good pay for a fun job? The Recreational Sports Department is currently looking for intramural softball scorekeepers and umpires for games played on Wednesday and Friday afternoons. Scorekeepers earn \$6.63 per game, and umpires earn \$7.50 per game. If you're human and can count, we want you. Sign up now on the intramural board in the PE building, or stop by our office in PE 111. Let's talk.

## SIDE OUT...

Bump, set, spike and get a team for 6 on 6 intramural volleyball. League play begins Thursday, April 19, with games at either 8 or 9 p.m. See the intramural board in the PE building for more league info and deadlines. Individuals without a team can sign up on the Free Agents list posted.

## PLAY BALL...

Intramural softball is here. Buy some peanuts and Cracker jacks, and sign up now. Our 3-Pitch leagues begin Friday and our Co-Rec leagues begin next Wednesday. Important league information is listed on the intramural board in the PE building. Don't get left out in the bleachers, sign your team up, or, individuals can add their names to the Free Agents list. Reminder: team managers or representatives must attend the pre-season meetings as posted. New this season; watch for Budman/Rec Sports Games of the Week and Players of the Week.

For more information on the items announced on this page, see the Intramural board in the PE building, or call the Rec Sports Department at 887-8803, PE 111.

**THIS BUD'S FOR YOU.**

# Golf tops Division III Stanislaus in tourney

By Jeff Zelenski  
Staff Writer

The CSUSB golf team has been playing tough golf lately and last month received an extra incentive to keep playing that way.

In the latest NCAA III polls the Coyotes are ranked ninth in the nation. In the Western Region they are ranked second behind UC San Diego, which is also ranked eighth in the nation.

CSUSB was ranked 14th in the first national poll.

"We have been ranked as high as third in the nation (in CSUSB history) and that was the year that we finished third in the national tournament," said head coach Dr. Greg Price.

A week after the rankings were released, the Coyotes competed in the CSU, Stanislaus Invitational which included UC San Diego. They finished first among Division III teams and ninth overall.

"Our last ranking was ninth. On April 9 the new polls come out. We should

Dr. Greg Price

File Photo

move up to number one in the west after beating San Diego handily in that tournament," Price said.

On April 2, the Coyotes competed in the UC Irvine Invitational. The tournament consisted of many competitive Division I, II, III

teams. They finished fourth overall and first among Division III schools.

While finishing fourth they beat CSU Stanislaus, which is ranked fourth in the nation NCAA Division II. Before moving to Division II last year, they won 12 na-

tional titles in 14 years.

"It was the first time that any Division III team has beaten Stanislaus in the last five years," Price said.

"The highlight of our season so far would have to be the UCI tournament. We played well. We could have won it if a few things fell into place. When you beat Stanislaus for the first time in five years you've done something good," Price said.

Price feels that improved rankings have helped the team's recent performances.

"I want our guys to know the rankings. I want them to know how good they are and continue to prove it."

"I feel we are a top ten team and we went in and proved that in the last two tournaments."

Outside of the tournaments the Coyotes are 9-0 in match play.

If the Coyotes keep on playing well and stay high in the rankings their future in the national tournament seems to be bright.

"The rankings will help us to get selected to the tour-

namment. We are pointing toward that. The last three years we have taken teams there (nationals), which is pretty good for a program that has been in existence for five years," Price said.

"Our main goal right now is to just get in (to the national tournament). Once we have made it in then we'll try to peak at the right time to win it."

## 11th Annual Anteater Golf Invitational Big Canyon Country Club

### FINAL TEAM RESULTS (36 holes)

1. San Diego State	307 - 303
• Total	- 610
2. UC Irvine	310 - 301
Total	- 611
3. U.S. International University	308 - 309
Total	- 617
4. CSUSB	309 - 310
Total	- 619
5. CSU Stanislaus	310 - 314
Total	- 624

CSUSB	309 - 310	619
Chris Astorga	72 - 77	150
Charles DeLorey	74 - 78	152
Steve Lynch	78 - 79	157
Brad Casdorff	88 - 75	163
Adam Stern	85 - 82	167

## Baseball splits doubleheader with La Verne; 1-9, 8-2

CSUSB split an important doubleheader with Division III rival La Verne (19-12) Saturday; 1-9, 8-2. The showing could hurt the Coyotes' (16-9) chances of being selected for regional playoffs.

Second baseman Ryan Love provided the Coyotes' only offense in the first game, going 3 for 4 with a single, double, and a fourth-inning home run. Jeff Bren-

nan picked up two more of the Coyotes' eight hits, including another double.

While the Coyotes offense sputtered and stalled, the Coyote defense had more problems than it could handle. The Coyotes committed seven errors and allowed six unearned runs.

Darren Kay was the losing pitcher, giving up six hits, striking out four, and walking two in five innings. Dave

Seward pitched the final three innings in relief.

In the second game, however, the Coyotes woke up and blasted La Verne, picking up eight runs on nine hits. The Coyotes got a total of 22 runners on base in the contest, stranding 11.

Aaron Marcarelli lead the offense with three hits in six at-bats, including two doubles. First baseman Paul Gonzalez scored three times;

twice after walking, and once after being hit by a pitch.

La Verne's pitching allowed 11 walks throughout the contest while CSUSB's Brooks Peters walked none. Peters pitched the entire game, giving up six hits, allowing two runs, and striking out five.

The Coyote defense was flawless in the second game, allowing only one extra-base hit.

The Coyotes next contest is a doubleheader against UC San Diego this Saturday. The contest will be in San Diego, and start at noon.

### Game 1:

## Offense comes alive for Lady Coyotes

The Lady Coyotes offense that struggled in the first 13 games of the season has suddenly surged to life. Scoring 61 runs in the last six games, five of the six over 10, the Lady Coyotes have vaulted into the highest national ranking in the sport's four year history at CSUSB.

The fifth ranked Lady Coyotes have scored 130 runs in 24 games so far this season, an average of 5.4 runs-per-game.

A big part of this offensive surge has been provided by Senior Anne Cordero and Junior Marnie La Fleur. Cordero has the team-high batting average (.521) and the most RBIs (26), while La Fleur is close behind with 23 RBIs and a .421 batting average with runners in scoring position.

Another major contributor has been Senior short stop Lisa Hilborn. Hilborn has crossed the plate 23 times (tied with Cordero) and has batted in 17 more. She

### CSUSB Softball 1990 Run Production By Game

was struggling early on in the season, but has steadily regained her All-Western Region composure and is presently hitting .301.

Tammy Shearer is the other member of the "fab four"; batting .358, with 16 RBI, and 21 runs scored.

In recent action, the CSUSB softball team split a doubleheader with Southern California College; 3-4, 11-3 last Thursday.

The Lady Coyotes man-

aged only five hits over seven innings in the first game. Senior Anne Cordero picked up two runs with a triple, and Lisa Hilborn brought Cordero home to finish up the scoring.

Marnie La Fleur was the losing pitcher, allowing only two hits, while walking four and striking out one. All four of SCC's runs were unearned.

The offense returned in the second game as Senior

Kathy Bingham went two-for-two, walked twice, and scored once, while Jenny Leogrande hit two-for-two, walking once, scoring once, and picking up one RBI to lead the Lady Coyotes. La Fleur picked up two RBIs on a hit and a sacrifice. In all, eight of the ten members of the team scored at least once.

Tanna Cash earned the win for CSUSB, pitching five innings. Cash allowed five

hits with no walks. Melodi Bumstead pitched the final two innings in relief to get the save.

The team will leave for the UC San Diego tournament this afternoon for some of their most important games of the season. The Lady Coyotes are expected to face perennial Division III rivals UC San Diego and the University of Redlands.

A good showing at the tourney could clinch the Lady Coyotes' first-ever selection to the Western Regional playoffs. A poor showing could damage those hopes, but it is uncertain if it would remove them completely from consideration.
